L'ORANGE IS "STILL SPINNING" WITH A DEDICATION ALBUM TO HIP-HOP PRODUCER J DILLA

L'Orange follows his Billie Holiday tribute, ***OLD SOUL***, (2011) with ***STILL SPINNING***. This time, L'Orange dedicates his compilation to the late hip-hop producer, James Yancey, better known as J Dilla. The Detroit based J Dilla was a heavy influence on L'Orange, as well as the rest of the underground hip-hop community.

STILL SPINNING features 7 tracks that not only display L'Orange's mixing and sampling skills, but his individual and groundbreaking style that is becoming instantly recognizable as his own sound.

With a rapidly growing fan community on Facebook, L'Orange is laying down the foundation for his first full-length album, ***MUSIC THERAPY***, which he is currently working on.

STILL SPINNING features tracks like, "Dedicated", with its intoxicating beat, the old school hip-hop tinged, "Detroit Skyline", the alluring soul of "The Teacher", and the surprisingly upbeat, R&B fused "Peace".
